

Monthly Report on License Agreement 2025-03 March, and Quarter 2 Summary

This report is in agreement with the terms outlined in Section 8.4 of the License Agreement between the City of Austin and Austin Pets Alive! with a focus on APA!'s impact on Travis County through our partnership with Austin Animal Center.

Austin Pets Alive! (APA!) is consistently the city of Austin’s largest partner in lifesaving. Our mission is to keep Austin No Kill by taking in the animals that have medical and behavioral concerns that the city cannot care for or treat. Since 2011, due to our partnership with Austin Animal Center to take the animals at risk of euthanasia, our city has been the largest No Kill city in the US.

APA! Intakes transferred from AAC:

In March 2025, 167 animals were transferred out of AAC to all rescue partners, per the AAC dashboard. Of these, 132 (79%) were transferred to APA! for lifesaving care and placement.

90 animals were born in APA!’s care to pregnant animals sent from AAC. Additionally, APA! took in 9 pets directly from owners within Travis county through the PASS program that should have otherwise entered AAC. This makes for 99 intakes diverted from AAC in March.

Fiscal Year 2025, Quarter 2 Summary
January - March 2025

During Fiscal Year 2025 Q2, APA! transferred in 302 animals directly from Austin Animal Center.

287 of those, or 95% of the direct transfers, were pulled directly from the At-Risk list and were at risk of euthanasia or death without APA!'s intervention.

Without these transfers, AAC's Live Release Rate would have been 80.76% for Q2.

In addition, 193 intakes were diverted from AAC by APA!'s programs, including animals born in care to moms originating from AAC and owner surrenders through APA!'s P.A.S.S. Program. This accounts for a 7% decrease in intakes to AAC.
